

NATIONAL SUPPLEMENT
Between
U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
And
AMERICAN FEDERATION OF GOVERNMENT EMPLOYEES
HUD COUNCIL OF LOCALS 222

SUBJECT: Departmental Telework Policy

Introduction: The Office of Personnel Management and the Department define telework as “work arrangements in which an employee regularly performs official assigned duties at home or other work sites geographically convenient to the residence of the employee.” Telework is simply a way of getting work done from a different location.

SCOPE: Impact and Implementation of Handbook 625.1, dated May 2010, also known as the Departmental Telework Policy

In accordance with § 359 of Public Law 106-346, Handbook 625.1 is the Telework Policy for the Department of Housing and Urban Development. Under these provisions the Department encourages the implementation of telework to the maximum extent possible. No individual office or program area is authorized to modify or amend Handbook 625.1 without the written approval of the Chief Human Capital Officer and/or the fulfillment of bargaining obligations with HUD AFGE Council 222.

If the employee is considered “eligible” by HUD policy or this agreement, denial and termination decisions must be based on business needs or performance, not arbitrary or capricious reasons. When provisions of the Departmental policy are inconsistent with or contradict the supplement, the supplement will prevail.

The Department recognizes the potential benefits of voluntary telework to both employees and the Agency. Under normal circumstances, a manager may not require an employee to work from home. However, a manager may require an employee to work at an alternative worksite.

This Supplement is effective March 24, 2011.

Eligibility

With the exception of summer or seasonal employees, all employees in positions with duties that are conducive to telework are eligible to telework.

They remain in place until either party decides to modify or terminate the agreement. The telework agreement in place at the time of the implementation of this agreement will remain in effect unless the employee is no longer eligible for telework. If the employee requests a change based on the provisions of this supplement, a new agreement will be prepared. The self-certification safety checklist and IT approval form are not required to be resubmitted unless there are substantial changes in the teleworking situation.
5. **Employee Requests:** Employees may apply for telework at any time.
6. Employees who choose not to participate in the program will not be penalized.

Same Day Recall (SDR): An SDR is when the supervisor requires an employee to return to the official worksite while teleworking.

- a) A recall shall only be initiated due to extreme operational exigencies requiring same day attention. Recalling an employee should be a last resort effort and a rare occurrence.
- b) Commute time back to the office of a recall is always considered part of the tour of duty.

Modification

Supervisors must give reasonable advance notice for permanent or long term modifications to telework agreements and, under normal circumstances no less than one full pay period. The modification must be in writing and provide the reason(s) for the modification.

However, employees choosing a flex-time schedule will inform their supervisor at least one day in advance of the time they will start work on their telework days, unless extenuating circumstances exist. In the absence of advance notice from the employee, it is understood that the employee will begin work at the time designated on the telework agreement.
- c) Management is responsible for ensuring that the mission and operational requirements of the Department are carried out effectively and efficiently.

Overtime, Compensatory Time and Credit Hours

Employees participating in any telework agreement are eligible to work credit hours, overtime and/or compensatory time on both scheduled and unscheduled telework days in accordance with the applicable provisions of the HUD/AFGE Agreement and the Telework Policy.

Equipment

1. **Continued Work if Loss or Damage:** If an employee participating in telework has a loss or damage to equipment and does not have personal equipment available, the employee may be able to continue to work at home once the supervisor is notified and determines that work can be done without the use of a computer or internet access. HUD will make all reasonable efforts to provide replacement equipment as soon as possible, and will not purposely avoid replacing equipment to limit telework by any employee with an approved agreement.
