Hi Jim and Dee:

Are the current Telework Agreement and safety checklist forms changing as part of the new Flexiplace Policy? If so, Management did not provide a copy of them with the Article 49 Notice. The Union needs them to determine if we need to write proposals on the contents of the forms.

Please advise. Thank you in advance.

Sincerely,

"It was the labor movement that helped secure so much of what we take for granted today. The 40-hour work week, the minimum wage, family leave, health insurance, Social Security, Medicare, retirement plans. The cornerstones of the middle-class security all bear the union label." –President Barack Obama
