[REDACTED]

I have a question about the Covid procedures. I received my PCR test on Monday May 30, 2022 with a positive test. I notified management of my results and I called the co-workers I had contact with last Wednesday since my symptoms started on Wednesday night. What are the procedures of disinfection in the office? I checked with my coworkers today and they are not aware of any disinfestation of the office. To the contraire today was when more people went to the office. Also for leave purposes... is just sick the leave available for this situation?

Thank You!!!

Respectfully,

[REDACTED]
