Subject: RE: Informal resolution meeting request concerning positive Covid test at San Juan Field Office & failure to notify Union per Article 37 of HUD-AFGE Agreement

Good afternoon Mr. Miranda,

Management has reviewed the guidance and considered the information shared during the party's informal resolution meeting held on June 16, 2022, concerning positive COVID test at the San Juan Field Office and Management's alleged failure to notify the Union per Article 37 of the HUD/AFGE Agreement. It is Management's position that the Agency does not believe the provisions of Article 37 require Management to report employees' positive COVID-19 test results to the Union. However, the Agency will comply with the COVID-19 active case response procedures negotiated with AFGE in accordance with AFGE Supplement 32.

Thank you,

Efrain Maldonado, Esq.
Field Office Director
United States Department of Housing and Urban Development
San Juan, Puerto Rico (787) 274-5838
