OFFICE OF ADMINISTRATION U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Greetings,

In response to the Executive Order on vaccination requirements, the Safer Federal Workforce Task Force issued updated <u>COVID-19 Workplace Safety Model Principles</u> which require Agencies to ensure employees are <u>fully vaccinated</u> by November 22, 2021, unless they are entitled to a limited, legal exception. Employees are considered <u>fully vaccinated</u> for COVID-19 two weeks after they have received the requisite number of doses of a COVID-19 vaccine approved or authorized for emergency use by the U.S. Food and Drug Administration, or that has been listed for emergency use by the World Health Organization.

If you would like to submit a request to be considered for a religious or medical exception, you may complete the attached form (if form opens in protected view, select "enable all features" to fill out) and submit it to the appropriate mailbox noted below. We strongly encourage employees to submit requests for an exception by October 20, 2021.

- Religious religious exception covid vaccine (a) hud.gov

We will respond to your requests as soon as possible. If you have questions, please refer to the <u>Frequently Asked Questions</u> posted by the Safer Federal Workforce.

Thank you.

U. S. HOUSING AND URBAN DEVELOPMENT REQUEST FOR A MEDICAL EXCEPTION TO THE COVID-19 VACCINATION REQUIREMENT

Government-wide policy requires all Federal employees, as defined in 5 U.S.C. § 2105, to be vaccinated against COVID-19, with exceptions only as required by law. Employees may seek a legal exception to the vaccination requirement due to a disability, using the form below. The agency may also ask for other information, as needed. Requests for "medical accommodation" or "medical exceptions" will be treated as requests for a disability accommodation and evaluated and decided under applicable Rehabilitation Act standards for reasonable accommodation absent undue hardship to the agency. An employee may also request to delay complying with the vaccination requirement based on certain medical considerations that may not justify an exception under the Rehabilitation Act. Safer Federal Workforce Task Force guidance on medical considerations that may warrant a delay is available here. The agency will be required to keep confidential any medical information provided, subject to the applicable Rehabilitation Act standards. Employees who receive an exception or a delay from the vaccination requirement would instead comply with alternative health and safety protocols.

Signing this form constitutes a declaration that the information you provide is true and correct to the best of your knowledge and ability. Any intentional misrepresentation to the Federal Government may result in legal consequences, including termination or removal from Federal Service.

To request a medical exception or delay from the COVID-19 vaccination requirement using this form:

- 1. You must complete Part 1 of this form. Your medical provider must complete Part 2 of this form.
- 2. When both are completed, you must submit the form to: reasonableaccommodationbranch@hud.gov.

U.S. HOUSING AND URBAN DEVELOPMENT REQUEST FOR A RELIGIOUS EXCEPTION TO THE COVID-19 VACCINATION REQUIREMENT

Government-wide policy requires all Federal employees as defined in 5 U.S.C. § 2105 to be vaccinated against COVID-19, with exceptions only as required by law. In certain circumstances, Federal law may entitle a Federal employee who has a religious objection to the COVID-19 vaccination requirement to an exception from that requirement, in which case the employee would instead comply with alternative health and safety protocols. The Federal Government is committed to respecting the important legal protections for religious liberty. The purpose of this form is to determine whether you may be eligible for an exception, which does not pose an undue hardship on the Agency.

To be eligible for a possible exception, the objection must be based upon a sincerely held belief that is religious in nature.

In order to request a religious exception, please respond to the following questions and fill out the form. The Agency may ask for other information as needed to determine if you are legally entitled to an exception.

Signing this form constitutes a declaration that the information you provide is, to the best of your knowledge and ability, true and correct. Any intentional misrepresentation to the Federal Government may result in legal consequences, including termination or removal from Federal Service.

| QUESTIONS: | | | | |
|------------|--|--|--|--|
| 1. | Please describe the nature of your objection to the COVID-19 vaccination requirement. | | | |
| 2. | Would complying with the COVID-19 vaccination requirement substantially burden your religious exercise? If so, please explain how. | | | |
| 3. | How long have you held the religious belief underlying your objection? | | | |

| 4. | Please describe whether, as an adult, you have received any vaccines against any other diseases (such as a flu vaccine or a tetanus vaccine) and, if so, what vaccine you most recently received and when, to the best of your recollection. |
|----|--|
| 5. | If you do not have a religious objection to the use of all vaccines, please explain why your objection is limited to particular vaccines. |
| 6. | If there are any other medicines or products that you do not use because of the religious belief underlying your objection, please identify them. |
| 7. | Please provide any additional information that you think may be helpful in reviewing your request. |
| 8. | Once completed, submit the responses to the questions and the form to: religiousexceptioncovidvaccine@hud.gov. |
